All other terms of the warrants will remain the same.

**About Search:**

Search Minerals Inc. is a TSX Venture Exchange listed company focused on creating value through finding and developing critical rare earth element ("CREE") mineral assets in Labrador. CREEs (Nd, Pr, Eu, Tb, Dy, Y) have growing demand, constrained or restricted supply and are commonly used in innovative technologies.

Search is the discoverer of the Port Hope Simpson CREE District, a highly prospective CREE belt located in southeast Labrador, where the Company controls a belt 70 km long and up to 8 km wide. Search owns 100% of the advanced CREE resource called the Foxtrot Project ("Foxtrot"), and a recently announced Foxtrot-like prospect called "Deepwater Fox". In addition, the Company has identified more than 20 other Foxtrot-like prospects in the CREE District. The primary focus of Search is to continue to advance the Foxtrot resource, while evaluating other Foxtrot-like prospects. Several of the Foxtrot-like prospects require exploration drilling

programs and may provide additional resources to a central processing facility that would be situated within the CREE District.

In addition, Search holds a number of other CREE mineral prospects in Labrador in its portfolio including claims in the Red Wine Complex and in the Henley Harbour area.

Search is led by a management team and board of directors with proven track records in the mining industry. The Company also has experienced geological and metallurgical teams led by Dr. Randy Miller and Dr. David Dreisinger respectively.
